QUESTIONNAIRE ON VACATIONS AND RECREATION [REDACTED]

25X1A

In the USSR, rest homes, sanatoriums, vacation resorts, etc., are commonly administered by a particular Ministry, the Chief Directorate of a Ministry, or in certain instances by an important plant or research institute.

Under terms of their 1951 contracts, members of the [REDACTED] group were granted four weeks of vacation annually. The following line of questions is designed to elicit data on the designation and subordination of the "institute" and on changes in subordination by developing information on the annual vacations of the sources. 25X1A

1. List the place and date of each vacation period.
2. For each location, provide the following information:
 - a. Name of hotel, rest home, etc.
 - b. Street address of hotel or rest home
 - c. Postal address
 - d. Telegraphic address
3. Describe in detail how transportation arrangements were accomplished. By whom? Where were the tickets obtained? In the case of air transport, which Moscow airfield was used? Was the aircraft an "Aeroflot" plane or other? Type aircraft? Can source recall the large number on the fuselage or on the tail of the aircraft used? Can source provide the exact date of any flight to or from Moscow? In cases of rail or motor transport, what route was followed?
4. Was source provided with documentation on his resort reservation? Did the documents bear the name or abbreviation of any Ministry, Chief Directorate, Scientific Research Institute?
5. At the vacation resort, was the controlling organization indicated on its literature or bills, or a bulletin board, identifying sign or in any other way?
6. Did source ever go on swimming and picknicking trips to the Istra River (WNW of Moscow)? Does source recall seeing a factory west of the picnic area? Did source ever learn the function of this factory from Orlanmender or from other Germans or Soviets?
7. Any other excursion or recreational trips, regardless of distance or duration? (Weekends etc.)
